

MESSAGE FROM THE PRESIDENT

Dear Colleagues and Friends,

Four decades ago, in September 1972, the first Congress of the European Association for Cranio-Maxillo-Facial Surgery was held in Ljubljana under presidency of professor Čelesnik. Among the organizers was Ivo Čupar founder of Maxillofacial Surgery in Croatia. Today, it is my honour to invite you to the 21st Congress of the European Association for Cranio-Maxillo-Facial Surgery to be held in Dubrovnik, Croatia, September 11th – 15th 2012.

The Congress, with pre-Congress Courses, will offer a rich scientific program including keynote addresses by world experts, panel discussions, oral presentations and poster sessions as well as sponsored symposia. The meeting will give the opportunity to meet old friends and gain new ones.

Dubrovnik is inscribed on the List of World Heritage Sites by UNESCO and it is the one of the most attractive and famous cities in the world. The city is a highlight of the Adriatic and the whole of Croatia. It is not easy to write about Dubrovnik, it has to be seen and, in particular, experience its history which is reflected in the fascinating and numerous city streets, churches, museums and beaches.

I would like to invite all maxillofacial surgeons sharing the same field of work, as well as all colleagues from related disciplines to join us in the magical City of Dubrovnik.

Prof. Mišo Virag, MD, PhD, FRCS
President of the XXIst EACMFS Congress
President EACMFS 2010 – 2012
Zagreb, Croatia

SCIENTIFIC TOPICS

- Art in cranio-maxillo-facial surgery
- Beauty and psychology
- Benign lesions of the facial bones
- Bisphosphonate related disease
- Cleft surgery
- Cranio-maxillo-facial traumatology
- Embryology and pre-natal diagnosis of cranio-facial malformations
- Facial reconstructive surgery
- Facial rejuvenation and other cosmetic surgery
- Facial sculpturing
- History of cranio-maxillo-facial surgery
- Imaging and simulation
- Medical oncology
- Microsurgical reconstruction in head and neck
- Nasal reconstruction
- Obstructive sleep apnea
- Orbital pathology
- Orthognathic surgery
- Osteosynthesis materials
- Otoplasty and ear reconstruction
- Preprosthetic surgery and implantology
- Reconstructive surgery of craniofacial malformations
- Rhinoplasty
- Salivary glands - surgery and pathology
- Skin tumours of the head and neck
- Skull base surgery
- Surgery for facial paralysis
- Surgery of the nasal cavity and paranasal sinuses
- Surgery of the oral cavity
- Surgical head and neck oncology
- Temporomandibular joint pathology and surgery
- Tissue engineering and cell therapy

TRAINEE MEETING

10 September 2012

CONGRESS 11 – 15 September 2012

- Keynote Lectures
- Workshops
- Masterclasses
- Oral presentations
- Poster presentations
- Panels
- Meeting with Guest Societies

ABOUT DUBROVNIK

In the deep south of the Croatian coastline is the Dubrovnik region whose centre, the city of Dubrovnik, in Croatia and across the World bears the title of the “Pearl of the Adriatic”. The harmony of the centuries old buildings and the walls gridling the city are like a fairy tale apparition created for enjoyment. Under the mild Mediterranean climate, Dubrovnik is bathed in a sea of sun, blossoms and ripe fruits of the orange and lemon trees even in the winter months. There are over 250 sunny days per year, with an average annual temperature of 17°C, while the mean winter temperature is 10°C and summer temperature is 26°C. The Old walled city of Dubrovnik is under protection of UNESCO as the World Cultural Heritage Site and remains today one of the most impressive places on the Adriatic, where the Mediterranean is as it once was.

CONGRESS VENUE

The Valamar Lacroma Dubrovnik is an astounding model of “archinature” – a harmony of 21st century styling in a gorgeous natural environment. Nestled in glorious seclusion amidst the lush greenery of the Babin Kuk peninsula, the ultra-modern resort sets the standard for Croatian hospitality. Spectacular sea views and stylish interiors are just the foundations of what is truly an awe-inspiring resort. Comfortable rooms provide beautiful vistas of the islands and Mediterranean woodland. Providing a memorable gastronomic experience is high on the list of priorities for the Valamar Lacroma Dubrovnik. www.valamar.com
